Allowable Subject Matter

Claims 1-3,6-8 & 10-14 are allowed over the prior art of record.

Claims 4,5,9 & 15 was cancelled and withdrawn from further consideration.

The following is an examiner's statement of reasons for allowance: *The prior art of record when considered as a whole, alone or in combination, neither anticipates nor renders obvious a refrigerator comprising a component compartment consisting of a casing between a fan and a fan motor thereby attached to a cover and forming a seal between the casing and the cover so all the air generated therein is expelled through an air outlet.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. *The prior art of record Harbour et al (US Patent No. 3,736,768) discloses a machine compartment but lacks a casing between a fan and fan motor attached to a cover seal and expelling air through an air outlet.*
